

Texas to Oppose Oklahoma Plan to Revise General Freight Rate Schedule

TRAFFIC MEN OF SOUTH SATISFIED

Scheme to Revise Down Existing Rates Does Not Please Texans

WOULD HURT ZONES

Sooner Proposals Would Make Intra and Interstate Rates Identical

By International News Service.
DALLAS, Texas, Oct. 17.—Plans for opposing the revision of the Oklahoma freight schedule, seeking a general rate revision in Texas, were formed at a meeting of the traffic commission of the chamber of commerce today.

Following the meeting, Ben Good, president of the Dallas chamber of commerce, traffic division, and F. A. Leffingwell, traffic manager of the Texas chamber of commerce, will leave for Austin, Texas, where they will appear before a meeting of the transportation committee of the Texas chamber of commerce and the Texas railroad commission where a defense against the proposed rate revision downward will be worked out.

The Oklahoma commission's petition is vital to Texas, Leffingwell pointed out, as it asks that interstate rates be made the basis of intrastate rates.

It is hard to say what effect the revision would have on sections of Texas, especially the jobbing centers. The entire matter will be gone over at the Austin meeting and a comprehensive fighting plan will be mapped out.

2 BARN BURNED BY TRASH FIRE

New Baptist Minister Is Welcomed to Broken Arrow by Women

Special to The World.

BROKEN ARROW, Oct. 17.—Flying sparks from a burning trash pile set fire to the barn at the Fritz Hurd home on West Broadway and the blaze rapidly gained such headway in the large quantity of hay that the flames driven by a high wind rapidly spread to the barn of H. A. Wallingford situated just across the alley and in a short time both buildings were completely destroyed. A strenuous effort of the fire ladders confined the fire to the two buildings and averted the threatening destruction of the residence in the immediate neighborhood. The loss was several thousand dollars partially covered by insurance.

The ladies of the Baptist church formally presented the new pastor, Rev. F. C. Meier and family to a large number of friends at the Baptist church on Thursday evening with a program filled with good fellowship and hospitality followed by light refreshments. The pastors of the various Broken Arrow churches together with the trustees and faculty of the city schools were also honored in the ceremony.

The remains of Mrs. Leathie John, wife of Rev. R. E. Johnson, whose death occurred at a Tulsa hospital Thursday were brought to this city Friday and later taken to the Sheshan cemetery where interment was made after a brief funeral service. Deceased is 29 years of age and is survived by her husband and six small children.

Among the business changes of the past week was the purchase by R. S. Cantrell a fine McAnally grocery store on North Main street. Cantrell assumed charge of the business Thursday.

Mrs. Elizabeth Hutchins, aged 74, wife of E. C. Hutchins, died Thursday afternoon at her home in the Oak Grove neighborhood of heart failure superinduced by infirmities of her advanced age. Funeral services were held from the Oak Grove church Friday afternoon and the remains taken back to the old family home at New London, Indiana for burial. Surviving relatives comprising the funeral party were the husband, C. E. Hutchins, a son, Clifford Small and wife and Mrs. Mary Hutchins, sister of the deceased, who had been called here on account of the illness of her relative.

Used Carbolic Acid To Appease Annoyance Of Mosquito Bites

Special to The World.

BERGEE, Oct. 17.—Mrs. Roy Austin, who had heard that carbolic acid was good for mosquito bites, called the doctor after trying to drive the insects off the body. She declared upon the arrival of the doctor that the acid was much worse than the mosquito bites. The burns were not serious.

Constitutional Demos Organize Another Club

Special to The World.

MALESTER, Oct. 17.—Anti-Walton forces organized in McAlester last night by the association of officers of a constitutional democratic club for active campaign work in this vicinity. Practically every democratic professional and business man of McAlester joined.

Negroes Plan Special Train

MALESTER, Oct. 17.—A commendable enterprise on the part of the negro schools here is the inauguration of the fair here for colored people.

The fair this year which was held at the negro high school has proven so great a success that it has been decided to make it a permanent institution. The fair organization has been organized and hereafter the fair will be held annually.

The most historic spot in the World war, where the Germans surrendered on Compiègne, France, is marked by two weather-beaten posters, nailed against trees.

Can a Girl Dress Well on \$100? Easy, If She Lives in New York

By ELEANOR.

After a day spent in viewing gorgeous fur wraps, Paris imported gowns, dazzling hats, and the very newest wrinkle in footwear, the question, can a girl outfit herself on \$100, sounds like pure folly. But it can be done. I have proved it by taking a grand new, crisp \$100 bill and spending a day in New York stores. A smart and practical outfit for fall and winter purchased under my direction came to exactly \$94.50.

Now don't all about it once. Of course, the same things could be purchased for less money but everything bought was first class material, workmanship and style which means that the very best to be had for the price has been collected in this outfit. The lining of the suit, for instance, is guaranteed for two seasons. The shoes come from one of the most reliable markets in the country and patent leather was chosen because it can be used for dress as well as business. That hat is more distinctive and therefore worth more than a cheaper hat which would have a thousand or more copies. In looking over these figures there must be taken into consideration the fact that few women must outfit themselves from the skin out each year. There are always such things as vests, hose, and chemises left over from the previous season.

Here is the new, practical and at the same time up-to-date wardrobe which was selected from the stocks offered in various stores, and its total cost:

One all-season hat	7.50
One wash blouse	3.00
One tailored suit	35.00
One top coat	25.00
One pair strap slippers	8.50
One pair silk hose	1.50
One pair gloves (long)	1.00
Three vests	1.05
Two brassieres	1.00
One rubber girdle	2.00
Three chemises	6.00
Total	\$94.50

The Health-Full Can

PACKED inside this Borden can is a product that is just about as full of healthful, appetizing food value as can be found. It is Chocolate Malted Milk.

Malted Milk is in the daily diet of hundreds of thousands of people—grownups and children—every day. But they all like it better with the popular chocolate flavor. That's why we have put the flavor right into it.

In whatever way you may have been using malted milk at home—for the children's between-meal lunch, for the faint hour of the afternoon, as a light repast, as a healthful, strengthening drink—now use Borden's Chocolate Malted Milk. It's so convenient. No bother of adding a flavor—the popular chocolate flavor is already there.

Several cans should be on your pantry shelf. They can be secured at your grocer's or your druggist's, and it's a Borden product which means good quality.

STORED HAY SETS FIRE TO STABLE

Farmers Alarmed Over Outbreaks of the Past Week

Special to The World.

MIAMI, Oct. 17.—An epidemic of barn fires attributed by many to combustion of newly stored hay is causing much alarm among farmers of this district. On Sunday night the hay in the big barn of the Ponca Indian school at Wyandotte caught fire and burned for hours before an appeal brought aid from the Miami fire department. Two more hay barns near Quapaw were destroyed and a great quantity of hay was consumed on the same night. The loss at Quapaw was estimated at \$1,500.

Race at Miami

More than one thousand farmers and business and professional men of Oklahoma county assembled in the First Christian church here tonight to hear Carl Baer, manager of the St. Louis chamber of commerce, discuss community building and the relation of the farm to the city. Accompanied by a delegation of men from Miami and other towns of the county Baer left early today for Tulsa where he will be a speaker at the Southwest Business congress. That the development of farming is the keynote to national prosperity was the substance of a splendid address given by Baer. He emphasized the importance of cooperation between the chamber of commerce and farm organizations in bringing about advancement of their mutual interests.

One purse 2.95
One pair gloves (long) 1.00
Three vests 1.05
Two brassieres 1.00
One rubber girdle 2.00
Three chemises 6.00

Total \$94.50

This left \$5.50 from my nice new \$100 bill and I hesitated between a silk overblouse with which to transform my suit into a dress, another tailored blouse for every-day wear, handkerchiefs, another pair of hose, a hair net, a pair of rubbers and an umbrella.

Man With 11 Years War Record Comes to Chillico

Special to The World.

PONCA CITY, Oct. 17.—Captain Richard C. McKee, whose war record covers a period of fourteen years during which he went from an enlisted man to a captaincy, has been assigned to the Chillico Indian school as an instructor, becoming the head of the carpentry department. McKee served in addition to being stationed at various posts in the United States, 11 months in Alaska, five in Hawaii, 14 in the Philippines, seven in the Canal zone, 11 in Mexico and 17 in France. He was wounded twice during the world war while with the air service. He is an expert instructor in manual arts.

PRISONER IDENTIFIED

Barberville Man Jailed as Member of Bandit Gang Who Robbed Centralia Bank

By The Associated Press.
DARTMOUTH, Oct. 17.—J. C. Majors of Barberville was arrested here Sunday morning and charged with being a member of the bandit gang which held up and robbed the First State bank of Centralia, Okla., on the afternoon of September 8. He was positively identified as one of the four bandits, late Sunday night, by Cashier Clell Faber of the Centralia bank. It was revealed this morning by Chief of Police Logaston of this city.

With the arrest of Majors and the killing of Ralph Carter, a Cherokee Indian, on September 15 by City Marshal M. G. Gabbert of Vinland during a liquor raid 20 miles east of Barberville, only two members of the bandit gang are now at large. Chief Logaston announced this morning that he was suspicious of Majors and had kept him under surveillance. Majors was arrested Sunday morning on an investigation charge and was later identified by the cashier of the bank as one of the men who participated in the robbery. Majors was taken back to Centralia last night to answer to charges of bank robbery. Chief Logaston announced this morning.

The Grand Army of the Republic was organized in Indianapolis, Ind., in 1866. The crest of the strength of the veterans was reached in 1889 and 1890, when 409,483 were reported in good standing. The present membership is fewer than 93,900 men.

INVITE SANTA FE TO WICHITA FALLS

Kell Cut Off Offered to Big System for Cut Off Line

By The Associated Press.

WICHITA FALLS, Texas, Oct. 17.—A proposal to route the main line of the Santa Fe railway through this city was being considered by Santa Fe officials here for that purpose, last night. They spent the day in conference with Frank Kell, holder of Texas railroads. It is understood they wish to take over the Wichita Falls & Southern and the Iyers & Wauwika railroads, running a trunk line direct from St. Louis via Oklahoma City, through Wichita Falls to the Gulf coast.

No official statement was given out at the close of the conference tonight other than that "such a line is being seriously considered and would be extremely advantageous to the railroad."

Eight soldiers attached to the French army on the Rhine were recently convicted of being German spies. All confessed to having operated within the French ranks since 1921.

Monument to Oil Man to Be Ponca Park Entrance

Special to The World.

PONCA CITY, Oct. 17.—Oil men and others who have contributed to a fund for the erection of a monument to the late C. H. Ruby, pioneer oil and gas man of northern Oklahoma, have decided that the memorial shall take the form of an entrance to the city park, at the end of North Sixth street. The entrance shall consist of four pillars of stone, two large—one on each side of the driveway—and two smaller, one on the outer edge of the sidewalk entrance. These will be suitably inscribed and carry memorial tablets. Drinking fountains will be installed in connection with the smaller pillars. The construction is to start at once and be completed within a month. The memorial committee chairman is F. A. Heberling.

Big Apple Crop, but Colorless.

PONCA CITY, Oct. 17.—The 101 ranch commercial apple orchard of 160 acres will yield a total of 20,000 bushels of excellent fruit this fall, although the apples are without the good colors they generally possess. This is because of the prolonged drought of the late summer and early fall, according to Col. Joe C. Miller. The Millers have recently planted an additional 35 acres of land in apples.

BRISTOW MAN IS KILLED BY POSSE

Oklahoman Refused to Surrender and Shot Running Away

Special to The World.

HARRISON, Ark., Oct. 17.—George Baker of Bristow, Okla., was instantly killed near Omaha, Ark., about midnight last night when he attempted to escape a posse and ran his stolen car into a rail fence.

Roy Long, his companion, driving a Ford roadster, stolen at Bristow, surrendered, but Baker, who had stolen a Ford car of a Harrison druggist earlier in the night, tried to escape and lost control of the car. His head was practically severed in the accident. The theft of the Harrison car was discovered, and the sheriff phoned to Hollister, Mo., officials who drove to Omaha and overtook them.

Baker was 17 years old, son of W. O. Baker, farmer of Bristow, Okla. Long is 16 years of age and has a father living at Proctor, Mo. He is held in jail here.

The World was killed in battle three American soldiers for every millionaire that was made.

Show Them

What this new way does

No mother wants children to suffer what she may have suffered from her teeth.

Then teach them the new way of teeth cleaning. Show the prettier teeth it brings, the whiter, safer teeth. Or let them make this test, and see and feel the benefits themselves.

Must fight film

Dingy teeth and most tooth troubles are now traced to film. One must fight to avoid them.

Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. Stains discolor it, then it forms dingy coats. Tartar is based on film.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

No ordinary tooth paste effectively combats film. So, under old methods, very few escaped tooth troubles. Beautiful teeth were less often seen than today.

Two ways found

Then dental science, after long research, found two ways to fight film. One acts to curdle it, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective. Then dentists the world over began to advise their use.

A new-type tooth paste was created, based on modern research. The name is Pepsodent. Those two great film combatants are embodied in it for daily application.

Its new effects

Pepsodent brings other effects which research proved essential. It multiplies the alkalinity of the saliva. That is there to constantly neutralize the acids which cause decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids.

Those are Nature's great tooth-protecting agents. Each unit of Pepsodent gives them manifold effect.

For dainty people

Pepsodent is now used by millions the world over. Careful people of some fifty nations have adopted it, largely by dental advice. Dainty people—those who care for whiter, cleaner teeth—will never go without it.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

One week will give you a new conception of what clean teeth mean. It will point the way to a new dental era, both for you and yours. Cut out the coupon now.
